Up to 100 lbs., per lb.....	0
Excess over 100 lbs., per lb.....	00½

RESPONSIBILITY

We endeavor to send our patrons the grade and quality of stock ordered. We do not guarantee our products or assume any responsibility after they leave our nursery, as conditions always exist over which we have no control. It is understood, in case of error on our part, that we shall not be responsible for a greater amount than the price paid.

TERMS

5% off for cash before shipment on purchases at prices listed herein. Be certain to add enough extra to cover packing. This will eliminate C. O. D. costs. Over-payments will be returned promptly.

To parties having satisfactory credit arrangement or account with us, 2% 10 days, 30 days net.

No claims for rejections or deficiencies will be entertained unless made within 10 days after arrival of goods.

5 to 25 of one variety and size will be furnished at the 10 rate, 25 to 250 at the 100 rate; 250 or more at the 1000 rate.

PRICES SUBJECT TO CHANGE WITHOUT NOTICE

TRUEHEDGE COLUMNBERRY • The PLANT of the FUTURE

Write for Special Book depicting Truehedge
Columnberry and its endless uses.

Hedge Making in Thirty Minutes—A proved success

COMING three year stock, trimmed and photographed in June. This first and only trimming, as you see it here, took exactly thirty minutes.

TRUEHEDGE ULTIMATELY CHEAPER THAN THUNBERGI

Columnberry saves expense because practically all trimming required is simple infrequent clipping across the top of the hedge at the desired height.

THE READY-MADE HEDGE

Of inestimable value is the fact that Immediate Effect Hedges are obtained almost from the day Columnberry is planted, and the 9 inch size is just as perfect a spire as the 24 inch size.

Why work and spend and wait three or four years for hedge effect with other hedge types? Truhedge is much cheaper in the long run.

TRUEHEDGE COLUMNBERRY has already become the greatest plant introduction in more than a decade. Over 250,000 plants have been sold since introduction in July 1934.

D E M A N D has been created; every customer expresses **SATISFACTION**; **RESULTS** have surpassed all expectations.

Substantially lower prices for this season coupled with buildup in advertising will greatly increase **D E M A N D** and **S A L E S**.

W I S E men are in on the ground floor. **YOU** can satisfactorily handle **TRUEHEDGE** for **PROGRESS** and for **PROFIT**.

TRUEHEDGE COLUMNBERRY

Propagation Rights Reserved

The Truehedge Columnberry is protected by Plant Patent No. 110 under the U. S. Patent Laws. Asexual reproduction or disposition by sale, gift, or otherwise, of scions, buds, or cuttings for such reproduction is prohibited unless license is previously obtained from The Cole Nursery Company. Unauthorized reproduction, sale, or distribution of propagation material of this plant will subject the one engaging in the same to prosecution for infringement. For resale at Retail only except under license from The Cole Nursery Company.

The above conditions also apply to Rose Blaze, The New Dawn, Countess Vandal, Berberis mentorensis, Phlox Columbia, and all other patented plants which we sell.

BUDDLEIA—alternifolia. New 6'

A sensational introduction. Unlike all other "Butterfly
Bushes" this variety is *Hardy* and does not freeze down in the
winter. Charming lilac-purple flowers borne on long arching
branches. Profuse in flower throughout the summer. Beautiful-
ly distinct foliage.

ROOT-PRUNING

During these lean years one has been apt to neglect many important duties. Root-pruning of Evergreens is most necessary yet not immediately apparent if neglected.

Cole has a regular schedule for Root-pruning—In fact, even in the year 1934 when so little work of this nature was generally accomplished, we Root-pruned over 100,000 of our Evergreens.

The late Mr. Ernest H. (Chinese) Wilson of Arnold Arboretum (One of Amercia's greatest and most beloved Plantsmen) said to us—

“Your CHINESE PINE

is the scarce TRUE variety practically unknown in America. It is one of the very choicest of Pines. I am glad you have such a marvelous planting to distribute to the American public. When better known Chinese Pine will be heavily planted in our country.”

sinensis. *Chinese Pine*—60'. A beautiful compact growing variety; deep glossy green foliage.

ROSES

We add a number of thoroughly tested roses to our collection each year and at the same time eliminate a few of the least worth-while.

We endeavor to always have a very high class collection to meet all needs. (See Pages 58 to 62.)

Roses

NORTHERN GROWN ROSES

are probably the most **SCARCE** that they have been for more than a decade, with not nearly enough to supply the demand. Most nurseries are filling in with southern roses.

Our trade recognizes the uniform quality, hardiness, and "trueness to name" of Cole's Painesville Grown roses. We have guarded this reputation zealously and have gone to no end of labor to see that we had an ample crop for our regular customers in the face, many times, of adverse economic, trade, and weather conditions. Again this year when Northern Grown roses are only "10% of a crop" we have a good holding of these quality plants for our trade. Poor quality southern roses are plentiful and cheap.

We hope you will bear in mind the conditions herein mentioned when selecting your source of supply.

HYBRID TEA AND PERNETIANA

Prices are for Strong 2 yrs. No. 1 grade. 2 yrs. No. 1½ medium grade deduct 25%. *Patented varieties in No. 1 grade only.*

ALEZANE. Plant Patent No. 116.

Our list is quite complete in this class of material, but the demand is so varied and the range so vast that we cannot grow all known hardy perennials. We can, because of our connections with collectors and growers throughout the land, supply practically any and all plants needed for landscape planting. Let us have your list of wants.

NEW KOREAN CHRYSANTHEMUMS

Without question the greatest new creation in the perennial world. Korean Chrysanthemums are perfectly hardy—a requisite for satisfaction lacking in the old types; they are easier to grow and are more profuse in blooming. The lovely pastel shades defy description. Wonderful for table decoration and compelling for color effect in the garden

APOLLO. Bronze, red and gold.

CERES. Chamoise-yellow and coppery gold.

DAPHNE. Lovely Daphne-pink.

HEBE. Lovely, luminous pink, maturing to soft lavender pink. A 1935 introduction. Very early. Single—2½'
 —8c each additional.

INNOCENCE. White changing pink; dwarf.

MARS. Deep amaranth-red.

MERCURY. Coppery bronze and red.

(U. S. Plant Patent No. 58)

\$1.50 per 10; \$12.00 per 100. (except noted)
